Dear Parent/Carer,

Here at Holbrook we use 'Seesaw' a secure online journal from which we can send announcements and information directly to children regarding their home learning and reading. It also allows us to share with you what your child does in school and the children are able to upload activities they have been doing at home (including photos, videos, worksheets, drawings and voice recordings) which teachers can then see and respond to.

You can send us your comments and feedback by simply adding a note to your child's learning journal or replying to a post in which your child has been tagged. This helps our staff to support your child even more effectively in the classroom. You can also take an active role in contributing to your child's observation portfolio by uploading your own observations. Only the staff will be able to see what you upload to your child's journal although any 'comments' added to whole class announcements or group posts would be able to be seen by all children tagged in that post.

In order for your child to use Seesaw, the app needs your child's name in order to be able to associate work like their photos, videos or voice recordings with their account. Seesaw only uses this information to provide the service and doesn't advertise in Seesaw, create profiles of, or share or sell your child's personal information or journal content. You can read more about their strong privacy promises here: <https://web.seesaw.me/privacy>

To enable us to use Seesaw for your child, please could you give your permission **overleaf**.

If you agree to this option, we will then give you a log in code and instructions when your child attends their next 'Stay and Play' session with their new teacher.

We look forward to supporting you and your child through their first year at Holbrook and are always striving to provide the highest standard of education possible.

Many thanks for your continued support,

Mrs J Wright
